HOME 2026/27

MADE TO LAST

*We spin, card, dye and weave in our own factory.
This way, we can guarantee full traceability while minimizing
waste, transport and other things that affect the environment.*

*We consider the fact that we are one of the most sought-after brands
on Tradera, Sweden's largest marketplace for second-hand products,
as clear proof that longevity, quality and timeless design really
do matter. It inspires us to continue developing products
that last across generations.*

WE CARE ABOUT ANIMAL WELFARE

Sheep are our heroes. That's why we make sure we buy wool from sheep that live a good, stress-free life with space to roam and eat natural food. This applies regardless of where the wool comes from. We pride ourselves on only working with the best wool suppliers with whom we have a long-term relationship and mutual trust.

WE ARE A MEMBER OF THE ORGANIZATION SWEDISH WOOL, WHICH PROMOTES LOCALLY PRODUCED WOOL THAT CONTRIBUTES TO BIOLOGICAL DIVERSITY.

WE HAVE A WOOL INTEGRITY NZ™ BRAND PARTNER LICENCE WHICH GUARANTEES THE USE OF ETHICALLY PRODUCED, MULESING-FREE WOOL.

WE ARE CERTIFIED BY WOOLMARK®, WHICH ENSURES THAT OUR PRODUCTS ARE MADE FROM PURE NEW WOOL.

WE ARE OEKO-TEX® CERTIFIED WHICH ENSURES THAT OUR PRODUCTS ARE TESTED FOR HARMFUL SUBSTANCES AND PERFORMANCE TO HIGH HUMAN ECOLOGICAL REQUIREMENTS.

WE ARE RWS CERTIFIED BY CONTROL UNION CU 880349. THE RESPONSIBLE WOOL STANDARD RWS VERIFIES WOOL ANIMAL WELFARE, LAND MANAGEMENT REQUIREMENTS, AND TRACKS IT FROM FARM TO THE FINAL PRODUCT.

DIFFERENT FIBERS, BUT ONE PHILOSOPHY

A very small amount of all textile fibers used around the world consist of wool. We want to change that because wool has so many benefits. It's biodegradable, fossil-free and completely natural.

Every wool fiber has its own unique qualities. Some are lighter, some warmer, some softer. That's why we offer a carefully selected collection of wool blankets with different attributes. What unites them is our commitment to timeless design, sustainable quality, and circular production.

SWEDISH WOOL

Locally produced wool comes from small farms around southern Sweden. The Swedish wool is thick, warm and well suited for our challenging climate.

GOTLAND WOOL

Gotland sheep are a Swedish breed, dating back to the Viking era. The wool is wonderfully thick, glossy and silky with colors in different shades of natural grey.

RECYCLED WOOL

The recycled wool fibers are collected from our production process. It can be anything from wool from the carding machine to yarn threads from the loom. We also tear apart and spin new yarn from discarded blankets.

LAMBSWOOL

Lambswool is from the first shearing of a sheep at around the age of seven months. Lamb's wool is softer and more elastic than adult wool.

MERINO WOOL

Merino is a famous traditional breed of sheep originally from Spain. It is considered to provide the thinnest, finest and softest sheep wool.

CASHMERE WOOL

Cashmere comes from a special goat and rearing takes place primarily in various parts of Asia. This is the most exclusive fiber of them all. It is strong and heat-insulating while being wonderfully soft and light.

ALPACA WOOL

This highly insulating, soft wool from the Andes protects you effectively from the cold. It is free of lanolin and perfect for those with allergies.

SWEDISH WOOL THROWS

JUST AROUND THE CORNER

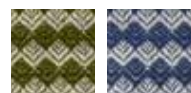

There's something special about wool that comes from the landscape we know best. Swedish wool is warm, durable and full of character. It reflects the changing seasons. Choosing local fibers is a way for us to support Swedish nature and the place we call home.

GOTLAND WOOL THROWS

NATURAL BEAUTY

Gotland wool begins with the island's distinctive sheep, raised amongst open landscapes, sea winds and the changing Nordic seasons. Their iconic fleece is renowned for its natural luster, exceptional strength and beautiful silvery-grey tones. Unlike many other wools, the natural grey fiber continues to influence the finished yarn even after dyeing, giving every shade a richness and subtle depth that's unique to Gotland wool.

PRINTED FABRICS

THE BEAUTY OF NATURE

Our printed fabrics are handpicked and always have an interesting story to tell. Like the new pattern Hilda by Anna Handell. It is a tribute to Anna's grandmother who was a creative soul and a source of inspiration for the people she met. It is also a reminder of the beauty of nature during the changing seasons.
